## SODIUM SACCHARINE

### 1. Product Identification

Synonyms: 1,2-benzisothiazol-3(2h)-one,1,1-dioxide,sodiumsaltdihydrate;sodium benzosulphimide

MolecularWeight: 241.19

ChemicalFormula: C7H4O3SNa.2H2O

ProductCodes: J.T.Baker:3875

Mallnckrodt:72607264

CompanyName: SINORIGHT INTERNATIONAL TRACE CO LTD

Address: RM1417 LIANGJIU BLDG, NO.5 HEYI STR XIGANG DIST, DALIAN CHINA

Tel:86- 0411-39210844, Fax: 86-411-89566060

Attn: Harry Du

### 2. Composition/Information on Ingredients

| Ingredient | CAS No    | Percent | Hazardous |
|------------|-----------|---------|-----------|
| Water      | 7732-18-5 | 5- 6%   | No        |

CASNo.: 6155-57-3(Dihydrate)

### 3. Hazards Identification

EmergencyOverview

As part of good industrial and personal hygiene and safety procedure, avoid all unnecessary exposure to the chemical substance and ensure prompt removal from skin, eyes and clothing.

SAF-T-DATA(tm)Ratings (Provided here for your convenience)

HealthRating: 1-Slight

Flammability Rating: 1-Slight

Reactivity Rating: 0-None

ContactRating: 1-Slight

LabProtectiveEquip: GOGGLES;LABCOAT;PROPERGLOVES

StorageColorCode: Green (GeneralStorage)

Potential HealthEffects

**Inhalation:** Nuisance dust, causing coughing and sneezing.

**Ingestion:** Ingestion of 5g has been reported to cause nausea, vomiting and diarrhea. Small quantities are normally tolerated by the body and are eliminated almost quantitatively via the kidneys.

**Skin Contact:** No adverse effects expected.

**Eye Contact:** No adverse effects expected but dust may cause mechanical irritation.

**Chronic Exposure:** No information found.

**Aggravation of Pre-existing Conditions:** No information found.

### 4. First Aid Measures

**Inhalation:** Not expected to require first aid measures.

Remove to fresh air. Get medical attention for any breathing difficulty.

**Ingestion:**

Give several glasses of water to drink to dilute. If large amounts were swallowed, get medical advice.

**Skin Contact:**

Wash exposed area with soap and water. Get medical advice if irritation develops.

**Eye Contact:**

Wash thoroughly with running water. Get medical advice if irritation develops.

---

## 5. Fire Fighting Measures

**Fire:**

none

**Explosion:**

none

**Fire Extinguishing Media:**

none

**Special Information:**

.none

## 6. Accidental Release Measures

Remove all sources of ignition. Ventilate area of leak or spill. Wear appropriate personal protective equipment as specified in Section 8. Spills: Clean up spills in a manner that does not disperse dust into the air. Use non-sparking tools and equipment. Reduce airborne dust and prevent scattering by moistening with water.

Pick up spill for recovery or disposal and place in a closed container. Small amounts of residue may be flushed to sewer with plenty of water.

## 7. Handling and Storage

Keep in a tightly closed container, stored in a cool, dry, ventilated area. Protect against physical damage. Containers of this material may be hazardous when empty since they retain product residues (dust, solids); observe all warnings and precautions listed for the product. Avoid dust formation and control ignition sources. Employ grounding, venting and explosion relief provisions in accord with accepted engineering practices in any process capable of generating dust and/or static electricity. Empty only into inert or non-flammable atmosphere.

Emptying contents into a non-inert atmosphere where flammable vapors may be present could cause a flash fire or explosion due to electrostatic discharge.

## 8. Exposure Controls/Personal Protection

**Airborne Exposure Limits:**

None established.

**Ventilation System:**

A system of local and/or general exhaust is recommended to keep employee exposures as low as possible. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, preventing dispersion of it into the general work area. Please refer to the ACGIH document, Industrial Ventilation, A Manual of Recommended Practices, most recent edition, for details.

**Personal Respirators (NIOSH Approved):**

For conditions of use where exposure to dust or mist is apparent and engineering controls are not feasible, a particulate respirator (NIOSH type N95 or better filters) may be worn. If oil particles (e.g. lubricants, cutting fluids, glycerine, etc.) are present, use a NIOSH type R or P filter. For emergencies or instances where the exposure levels are not known, use a full-face positive-pressure, air-supplied respirator. **WARNING:** Air-purifying respirators do not protect workers in oxygen-deficient atmospheres. Where respirators are required, you must have a written program covering the basic requirements in the OSHA respirator standard. These include training, fit testing, medical approval, cleaning, maintenance, cartridge change schedules, etc. See 29CFR 1910.134 for details.

**Skin Protection:**

Wear protective gloves and clean body-covering clothing.

**Eye Protection:**

Safety glasses. Maintain eye wash fountain and quick-drench facilities in work area.

## 9. Physical and Chemical Properties

**Appearance:**

White crystals.

**Odor:**

# SINORIGHT INTERNATIONAL TRADE CO., LTD

RM1417 LIANGJIU BLDG NO.5 HEYI STR XIGANG DIST DALIAN CHINA

Odorless.

**Solubility:**

80gin100gof water.

**SpecificGravity:**

No information found.

**pH:**

Aqueous solution is neutral to slightly alkaline to litmus.

**%Volatilesbyvolume@21C(70F):**

0

**Boiling Point:**

Not applicable.

**Melting Point:**

>200C(>392F)Decomposes.

**Vapor Density(Air=1):**

No information found.

**Vapor Pressure(mmHg):**

No information found.

**Evaporation Rate(BuAc=1):**

No information found.

### 10.Stability and Reactivity

**Stability:**

Stable under ordinary conditions of use and storage.

**Hazardous Decomposition Products:**

Burning may produce carbon monoxide, carbon dioxide, sulfur oxides, and nitrogen oxides.

**Hazardous Polymerization:**

Will not occur.

**Incompatibilities:**

Strong oxidizers.

**Conditions to Avoid:**

dusting, moisture and incompatibles.

### 11.Toxicological Information

Oral rat LD50: 1280 mg/kg; investigated as a tumorigen, mutagen, reproductive effector.

### 12.EcologicalInformation

**Environmental Fate:**

No information found.

**Environmental Toxicity:**

No information found.

### 13.Disposal Considerations

Whatever cannot be saved for recovery or recycling should be managed in an appropriate and approved waste disposal facility. Processing, use or contamination of this product may change the waste management options. State and local disposal regulations may differ from federal disposal regulations. Dispose of container and unused contents in accordance with federal, state and local requirements.
